A one-stop shop for ALL of your occupational and preventive service needs!

HealthWorks of Palmetto Health is one of the few exclusive occupational medicine practices in the Midlands.

We offer comprehensive occupational and preventive services tailored to meet your company's individual needs, including pre-hire physicals, worker's compensation injury treatment, and preventive health screenings. Our more than 400 business partners range from manufacturing companies with more than 5,000 employees to law offices with less than 50 employees.

Learn more about how we can help your employees stay healthy by calling 803-296-3500 or visit our website at PalmettoHealth.org/HealthWorks.

Convenient, comprehensive care

*HealthWorks* is dedicated to improving the health of employees, while controlling the health care costs of employers. From health coaching to physical exams to injury care, we meet the unique and varied health care needs of today’s employers.

By partnering with *HealthWorks*, employers receive benefits and features you expect from South Carolina’s leading health care provider including:

- Quality care provided by an exclusive occupational medicine practice that includes certified Department of Transportation (DOT) providers
- Prevention and education focus
- Average wait time of less than 10 minutes
- Electronic test results and injury notes available immediately after a visit
- Care provided by a friendly and experienced team
- Easy scheduling
- Competitive pricing and simple billing
- Onsite services include flu shots, health screening, wellness coaching and disease management

We also can provide employee care clinics at your workplace or via our mobile clinic. Under the supervision of a physician, employees are cared for by nurse practitioners who provide treatment for minor illnesses and injuries. You provide the space at your facility, and we will provide the supplies, equipment, staff and electronic medical record.

Our experienced team includes (from left) Cindy Zeigler, NP; Olabisi Badmus, MD; Stephanie Hollingsworth, NP; Mary Lou Guerrina, NP; Branham Tomarchio, MD; Peggy McKechnie, NP; Eric Byrd, MD; and Stephen Izard, MD.
